The Graph with the code:

```
1 plt.scatter(s5["STATION"],s5["daily"])
2 plt.title('The Most popular stations', family='sans-serif',fontsize =20, color='blue',loc='center')
3 plt.xlabel('Stations',fontsize = 15, weight = 'bold',color='gray')
4 plt.ylabel('Number of passengers',fontsize = 15, weight = 'bold',color='gray');
```

The observation:

The graph shows the relationship between the number of passengers at the most popular stations. 1 AV station has the most passengers which have 3961446.0 passenger
